

WOW look at us now

Who would have thought that eight years ago when we started feeding 35 children, that we are here today feeding 800 children and parents a week, and with this year 200 hundred children in both Primary and Secondary school.

And now we have 2 children in College with a further 6 young adults wanting to go to College this year, we at Destiny see this as a marvellous opportunity to increase their knowledge and to expand their potential in their community.

College sponsorship opportunities are now available to sponsor young adults into College

We offer the following sponsorship program as a help to you and the child.

Single Sponsorship (1 child One Sponsor)

Double Sponsorship (1 child two sponsors)

Multiple Sponsorship (1 child three or four sponsors)

The College year is made up of two semesters

We see this as a wonderful opportunity for businesses large and small to have a positive impact on the life of a young adult and their wider community

Estimated costs \$800 to \$1000 per year depending on career choice for further information contact Sue Anderson on suea@destinyinc.org.au

Philippine Sponsors

Introducing the Bereso family, Boyboy, Lynie and children, This family owns several business in Ormoc City, and are co sponsoring the rebuilding of houses that were destroyed by typhoon Yolanda in 2013, with materials and delivery to the various sites.

Roy and Sue have spent time with Boyboy and Lynie in their home and have found them to be very warm and hospitable people, and are looking forward to reconnecting with them during the next visit to the Philippines in May.

Thanks guys for all your help

Joey and Fayette

We would like to introduce Joey and Fayette Alterado.

They have two children. Jayilah and Joemar

Joey is Destiny's supervisor/builder, he heads up two building teams who so far have built or repaired 26 homes, and has just commenced another 26 new building projects.

Joey also helps with the sponsored school children, delivering and collecting letters from and to sponsors, and ensuring the children and the families are ok.

Fayette and some helpers are running the feeding program in Ipel, Lawis, Baglis and Mucabug (the rubbish dump)

Joey and Fayette have a team who will prepare the children for this coming years school sponsorship by buying school requirements and paying school fees

Tacloban Feeding site Christmas Party

Led by Arnel and Evelyen who have a great team of volunteer workers, mainly from the Mums and Dads of the children.

Even now this feeding program faces incredible odds in finding suitable locations due to the devastation brought by Typhoon Yolanda in November 2013

Ormoc

In Ormoc we have 86 sponsored children in school with 2 now in college.

The Christmas party was a huge success as the team lead by Joey and his wife were able to prepare and serve over 150 children along with, I believe over 50 parents. A job well done to our dedicated team.

Food hampers were prepared and given out to all the sponsored children's families a total of 75 in all. .

This year we needed to hire a venue as the community centre has not been completed at this stage as we have focussed on the building of the families homes first. This last week the building team have started to either rebuild or renovate 26 homes of the sponsored children's families. This when completed will be all of the sponsored children's family homes completed. At the moment the two building teams are building a home every few days from start to finish. A job very well done.

As for the school sponsorship this year we are looking to increase the number of children going to school our goal in all 4 cities both in the Philippines and in India will be 200 children going to school.

Maasin

In Maasin Destiny Inc has 4 feeding sites and now a school feeding program.

The feedings sites are helping around 140-170 children a week with some of the parents around 35 per week. These sites are organized by two young ladies in Joy Lorezo and Faith Lorezo, whose father is our leader along with his wife in Maasin. About August last year 2014 they started to run a school lunch time feeding program , feeding approximately 350 children and some of the parents who come to help with the cooking and serving of the meal.

This years' Christmas party although it was raining heavily seen 130 children plus their parents come to enjoy the festivities.

Further to the christmas party we were able to provide Christmas food hampers to all the families of the 36 sponsored children. Destiny would like to thank all those who connected with us to be able to provide the hampers.

It is amazing to see how far \$20 will go when given in the right area.

We are looking to increase the school sponsorship from 36 children to 50 children this coming school year. School starts in the first week of June 2015.

India

These Children desperately need sponsors, They come from the very poorest of areas and have no hope of breaking the cycle of poverty they are trapped in

Adelaide

This year was a very exciting year as we were able to distribute 25 hams across Adelaide from Elizabeth in the North to Henley Beach in the South to Ingle Farm in the East, In conjunction with these hams we were able to distribute 8 food hampers valued in excess of \$100.

Distribution of food parcels is continuous throughout the year in and around Adelaide.

Last year Destiny has also helped single parents to move house, and help them get settled, this is also an ongoing activity.

Destiny is offering help in Family and Household budgeting, contact Roy and Sue

North Haven Pharmacy

Once again we would like to give heartfelt thanks to the wonderful people at North Haven Pharmacy, for their ongoing support through the year.

Through their warm hearted generosity we have seen an extra 7 children sponsored.

WELL DONE GUYS—GREAT EFFORT

Locations of current Destiny inc child sponsorship

THE GOALS FOR THIS YEAR 2015.

1. School sponsorship to go from 136 children to a total of 200 children including those attending college.
2. To start a feeding site in Samar which we believe is one of the most poor of all the islands in the Philippines.
3. Destiny would like to be able to sponsor one of our leaders from Maasin to Adelaide to attend a conference and for him to see what we do here in Adelaide to help them in the Philippines.
4. We will be building a stronger team base to help with the surging of growth in the Philippines.
5. Also we would like to establish four churches. To be able to look after all the people so that they are not scattered all over the place.
6. A big goal will be to teach the leaders to all be on the same page moving in the same direction. With one vision.

Letters

By now you should have received your child's New Profile Card, a Letter and their School Reports.

I hope this has brought some joy to your hearts as you see how they are growing and maturing during their schooling.

Write to your Child

We are happy to take letters to your child for you, we are leaving

30th April

The children will be so happy to get a letter from their sponsor.

Something to be aware of

Destiny would like to address the facebook situation.

As we have no control over who goes on facebook, we are obligated to inform you of the potential of abuse of our sponsors generosity.

We do not embrace the children contacting their sponsors as this can lead to others around the children to friend the sponsor.

The reason for us taking this stand is to firstly protect your children, from possible exploitation. Once anything goes on facebook the information as in address and other private info becomes available to the world.

Secondly there is the protection for our sponsors who are very generous people, but if they are being asked for money they will feel abused and drop their sponsorship for that child.

This will then bring the ministry into a loss of integrity and the decline of help for the sponsored children.

As Sponsors, Destiny would like you to be aware that it is unlikely that requests for money or for help in other areas will come from the sponsored child but from their extended family.

Once again I say that we cannot stop this kind of thing but we must let you know our position on this.

We cannot take any responsibility for any thing or for anyone who gets hurt in this area of communication.
