

Destiny Inc. December 2020

Australia

India

Philippines

Bangladesh

Uganda

Countries DestinyInc operates in

2020 has certainly been a different year than what we thought it would be. All best made plans changed all over the world, not just our little corner. In the Philippines and India they are still under far greater isolation than we have experienced here in Australia, with the exception of Victoria who has definitely done it a lot harder than the rest of Australia.

The children have not been allowed out of their homes for months now, only one person with an id was allowed to leave for work, shopping etc.

Schools closed down just before the end of their school year in March this year and at this stage is due to open up with home schooling for elementary and high school sometime in October.

The college students have been working on line, they have completed the end of last year and started the new year back in June

Feeding Program

Feeding Program

Once again we can see the effect that COVID-19 has on everyday lives, more than ever people need help with the everyday things. Our leaders have had to re-invent themselves to meet the current needs of the people during this very different world due to COVID-19. Instead of running feeding programmes in the different areas they are now delivering parcels of food to the individual homes.

Building Program

Again due to the COVID-19 we were not able to build any houses, but thank goodness we are able to start up again.

This house is number 63, belongs now to the Taliwala Family

Cerilo 13 yrs old

Cyrus 9yrs old
2 of the 5 children
receive the school
sponsorship
through Destiny.

Cerilo and Myrna Taliwala (below)

They were able to save part of the old house and add the new one to what was left from the existing house, This has increased the living area for the family

School Sponsorship

Lots of things this year have to be adapted due to this new world that we are currently living in right now.

The children have just gone back to school or should I say learning, as schools are still not open in Philippines.

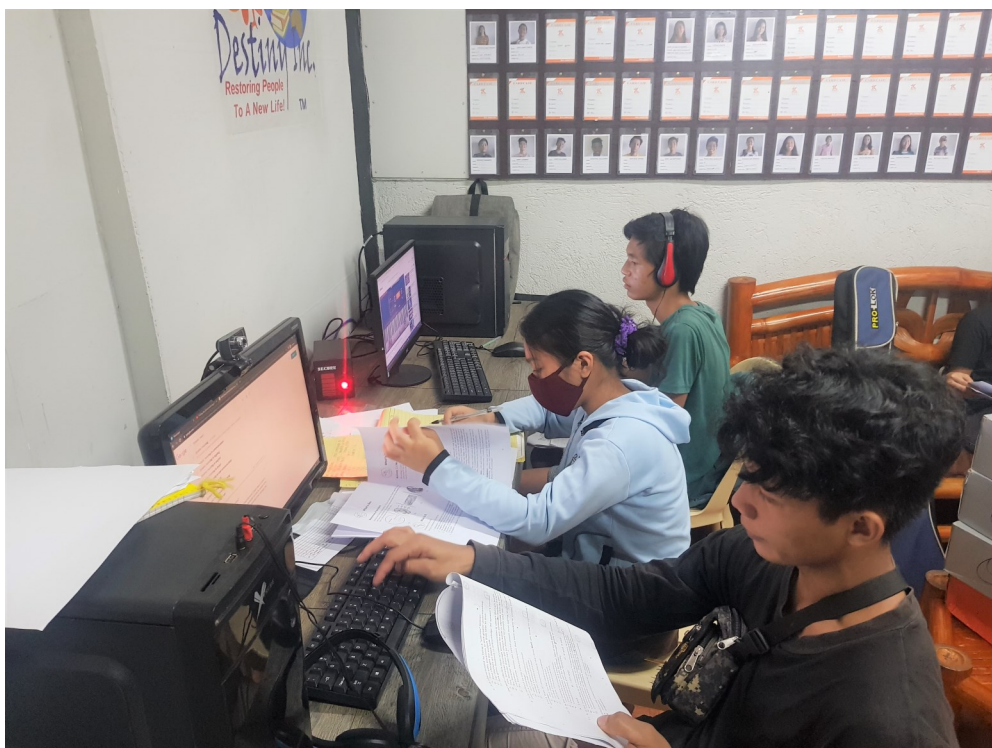

Instead all children are doing modules at home. These modules have been delivered by each of their teachers to the homes. Once finished the teacher returns to pick them up and deliver the next module. Each module is then assessed by the teacher to make sure the students do not fall behind in their education

Unlike Australia not everyone has access to wi-fi , computers and smart phones. So from reception to year 12 the children are working from home.

This year as the children are working from home there is no need to purchase new uniforms, but the child will need more supplies to cater for the home schooling.

College students (uni) are doing their degrees on line at the moment, they have adapted very well.

Destiny has purchased 3 more computers to facilitate this.

India

This ministry is run by a wonderful lady by the name of Anu Silis.

the name of the ministry is Vanitashray.

It is here that Destiny has come along side of Anu to sponsor 20 children and to feed these children every day. Anu runs a private school endorsed by the government in India.

Sue and I have visited the place and were very impressed with the devotion of the staff in caring for these children.

Bangladesh

This country is headed up by a young pastor who has a great compassion for the children on the streets and would like to build a place where these lost children are able to be looked after.

The feeding program is quite new and he is feeding around 50 children at each feeding site.

This young mans name is Nemai.

We enjoy working with this young man.

Uganda

Headed by Pastor Sam Akol in MIPIGI a small road side village with no electricity or wifi.

Sam needs to ride his push bike to the nearest town to use wifi. A distance of 15 kms.

Sam has started a feeding program under Destiny Inc. They are feeding around 60 children per feeding time.

We have known Sam for over 15 years now and we have a great connection with him.

Plenty of
Bargains
Clothes
Bric-A-Brac
Some furniture

* Free Coffee *

Overseas Trips

Destiny Inc is open to people or teams of people to come on a trip with us to experience what is going on in the world outside of Australia..

It is an exciting time for the children as they gather around you to listen to what you have to say. and you will enjoy being with them .

Team Destiny would like to say a very big thank you for your ongoing support towards the children of developing nations such as the Philippines and India.
